SAFAYET ALAM

FRONT-END DEVELOPER

Chattogram, Bangladesh | (+880) 1753571470
safayetdib@gmail.com | GitHub | LinkedIn

Enthusiastic front-end developer with expertise in the React and JavaScript, dedicated to creating scalable web applications and delivering exceptional user experiences. Highly committed to expanding skills and seeking opportunities to apply them in a collaborative environment.

SKILLS

Expertise: React | JavaScript | Tailwind CSS | Bootstrap | CSS | HTML
Comfortable: MongoDB | Express.js | Node.js | Firebase | REST APIs | JWT
Familiar: Redux | Next JS | Tenstack Query | Framer Motion
Tools: VS Code | Git | Figma | Netlify | Vercel | Surge

PROJECTS

- **The Jedi's Trunk** | Live Link | Client Side Code | Server Side Code
  Developed a toy marketplace using the React, allowing users to browse, add, update and delete products.
  ➜ Utilized React Router for navigation and Context API for efficient state management.
  ➜ Implemented Firebase authentication for secure user registration and login.
  ➜ Enabled CRUD functionality for toy data using Express.js and MongoDB.

Technologies: React, Tailwind CSS, Express.js, MongoDB, Firebase

- **Spicy Mexican Chefs** | Live Link | Client Side Code | Server Side Code
  Developed a simple React website, allowing users to browse chefs and their recipes.
  ➜ Utilized React Router for navigation and Context API for efficient state management.
  ➜ Implemented a login/registration system using Firebase authentication.
  ➜ Stored recipe and chef data in MongoDB and utilized Express.js for server-side data retrieval.

Technologies: React, Tailwind CSS, Express.js, MongoDB, Firebase

- **React Task Manager** | Live Link | Client Side Code | Server Side Code
  Developed a task management project using the React, enabling users to add, delete, and update tasks.
  ➜ Utilized React Router for navigation and Context API for efficient state management.
  ➜ Implemented task filtering and selection based on status (pending, in progress, completed).
  ➜ Implemented CRUD operations using Express.js on the server side with MongoDB for storage.

Technologies: React, Tailwind CSS, Express.js, MongoDB

EDUCATION

MSS in **International Relations**   2016-2017   University Of Chittagong

PROFESSIONAL COURSES

Complete Web Development Course with Jhankar Mahbub   Online
Programming Hero   2023
Student ID: WEB7-2275

LANGUAGE

Bangla (Native) | English (Comfortable)
